(Vide D.C's report dt 28.11.(52)).

4 The Bangalore chattram is in a good condition though only the back yard rooms (12 in number) are given to out-patients of the Eye Hospital. It is reported that during the Dy Comrs. inspection, the local manager is stated to have refused to produce any accounts, though the Guaranteed Proprietor Mr. Hari Rao says that proper accounts are being maintained. Inam Lands measuring 65 acres and odd acres are endowed to the institution. Vide copy of the inam Register.

5 The Mc considers it unnecessary to continue the chattrams, and recommends the resumption of the Dharmadaya Lands, and their sale in public auction, and that if Govt consider it necessary to provide a good rest-house in Bangalore, the sale proceeds may be utilized for the purpose.

It difficult to keep accounts or to require the Inamdar to keep the institution in proper order or to add to the existing buildings if more convenience is to be created for the public. This case is not quite similar to the Krishnaraya Poman case. ... Though in the case of Kanyas the income may not be required now in view of past misappropriation. There may be a reduction in the grant on account of the latter, but it may not be possible to make a clear division as to the amount that should be reserved on account of the Kanyaka institution. Even the whole grant may be required for the present inamdar to keep up and to provide additional comforts.

to produce accounts relating to this institution. There is absolutely no doubt about the character of this inam. It is a Dharmadaya grant endowed for the maintenance of the two Chattrams one at Kengkeri and the other at Bangalore. In his representation dated 25th May 1928, Mr. Srinivasa Rao seems to think that the lands under consideration form an Inam granted to the family of the late Mr. Raghunatha Rao and that it is therefore entitled to the possession and enjoyment of these lands. This view is altogether untenable

FIRST MEMBER OF COUNCIL.

NOTE.

Dated 8th April *192* 9.

M.352

I/6 I inspected this morning the Dewan Bahadur Ragunatha Rao's Chattram on the main Fort Road to the Basavangudi Extension. The building consists of two parts with an open quadrangle in the middle. The front portion consists of two terraced rooms and these, with two other tiled rooms on ~~xxx~~ either side of the open quadrangle are used by the person who is in charge of the Chattram. The back portion consists of 12 tiled rooms with an open space in the middle and of these, 11 are allotted to be used by persons who come from the mofussil for treatment in the Eye Hospital. Where these persons are in-patients in the Hospital, their relatives put up in the Chattram; in other cases, the patients themselves with their attendants live in these rooms. A single room is provided for each family and it has to arrange for cooking also in the same room. This is very undesirable arrangement: for one thing, it spoils the rooms, and for another, the smoke affects the persons suffering from eye complaints and residing in the rooms. Provision of separate rooms to be used as kitchens is quite necessary. The 12th room is used as a bath

room and if a separate bath room is constructed, it could also be released for the use of another family.

37 There are no latrines at all now. This is a very serious defect and it is necessary to provide, at least, two latrines constructed on sanitary conditions.

36 The rooms and corridors surrounding the open space have only mud flooring washed with cow-dung. This again is an unsatisfactory arrangement and it is necessary to floor the rooms and corridors with some kind of stone slabs.

35 The Chattram being a charitable institution, would get electric current at half the cost charged to the public and the provision of electric light is desirable to keep the building in a sanitary condition and make it more chee-ful to those who use it.

34 The construction of two or three bath rooms outside the main building and close to the well in the open space is also necessary.

33 In front of the building and close to the road there are deep hollows in which water collectes in the rainy season and they become the breeding ground for mosquitoes. It is necessary to fill up these hollows or if this measure is very expensive, it is at least necessary to lay out the open space in

(F. N. I.—contn.)

the form of sloping terraces and arrang for the drainage of rain water. Such hollows are in front of not only this Chattram but also of the Theosophical building to the left of it and of another building to the right of it.

The sewage from the two Chattram now soaks into the ground and thus make the buildings and their neighbourhood insanitary. It is desirable to address the Municipality and arrange for improving the sanitary condition of the whole place.

Some time back I saw the Chattram at Kengeri. The building is a very old one and its condition is most unsatisfactory. The neighbourhood of the building is most insanitary. I do not think there is any need for a Chattram at Kengeri at all. I was told that a part of the Chattram is being used as Musafarkhana by some Government officers occasionally. If there is a Travellers' Bungalow or a Musafarkhana at Kengeri, which could be used by Government officers and others, it would be better to abandon this Chattram altogether and dispose of the land on which it is situated. A servant on Rs 4 or 5 per mensem is now kept there to watch this building and its abandonment would result in the saving of his pay.

Mr. P.Srinivasa Rao, the Agent of the Manager of the Chattrams, stated

that the Manager desired to make a personal representation and therefore requested that the case might be heard once again a fornight hence. I said I had no objection to comply with this request. Mr. Srinivasa Rao is making a representation on this subject and it may be awaited.

Mr. Vasudeva Rao was present today and represented his case. He admits that the Inam is Dharmadaya and that the association of his famil with the charity is only in the capacity of the Manager of the Institution. He also admitted that it was not right to have refused to produce accounts for the inspection of Government officers.

The old Chattram at Siddaiknatta was abandoned under orders of Government and a new one has been constructed on the main road from Fort to Basavangudi. I inspected this building and found it to be well kept. It is mostly used by the patients under treatment in the Eye Hospital or their attendants, and almost all the rooms are in occupation by them throughout the year The Chattram is ~~therefore~~ serving an useful purpose and it is desirable that it should be continued to be maintained and also improved The lands endowed as a Dharmadaya Inam to the Chatt need not therefore be resumed. (2) In the accounts submitted by the Manage claims on account of interest on loans said to have been borrowed for the construction of the building are preferred. These claims are untenable and Mr. Vasudeva Rao agreed to ~~x~~ withdraw them.

(3) All sums received on behalf of the Institution should be credited to a Savings Bank Account opened in the State Huzur Treasury, Bangalore, in the name of the Institution and all sums required for expenditure on its account should be drawn therefrom. The Manager of the Institution or the Agent, if any, duly authorised by him, may operate upon this account.

(4) The Manager should take all possible steps for improving the income of the Institution from the Dharmadaya lands endowed to it.

The following improvements to the building of the Chattram are necessary and they should be carried out in the order of their urgency:-

To

R. Srinivasa Iyengar, Esq., B.A., B.L.,
Secretary to the Government of His
Highness the Maharaja of Mysore,
Financial Department.

SIR,

In continuation of this office letter No.860 dated 16th June 1927 in re the arrangements for the future management of the late Dewan Bahadur Raghunatha Rao's chattram at Bangalore, I have the honor to state that the present Deputy Commissioner (Mr. G.B. Heblikar) who on the strength of the Amildar's report said that the chattram was satisfactorily managed and the arrangements made for the management were quite adequate states in his subsequent report of November 1927 (copy enclosed) after personal inspection, that for reasons given therein, it is desirable to take the chattram and the lands endowed therefor under Government management. Extensive Inam lands (651 acres and odd) have been endowed for the support of this chattram and the one at Kengeri (vide copy of Inam Register enclosed.)

2. It is seen from the records that the building at Kengeri has been allowed to deteriorate and that it is absolutely of no use at ~~pres~~ present to the public. The Deputy Commissioner's latest report referre to above shows that no establishment is maintained therefor. Even the building at Bangalore is not of much use to the Public as a relative of the late Dewan Bahadur Raghunatha Rao is reported to be making use of the best rooms, only some back rooms being made available to the public. The decendants of Dewan Bahadur Raghunatha Rao are far away from Bangalore and their manager here refuses to produce the accounts and is practically enjoying the entire benefit from the chattram.

The Deputy Commissioner has recommended that the chattrams and the Inam lands endowed to ~~the~~ them might be taken over under Government. I am however of the opinion that the inam lands may be resumed by Government and sold in public auction as has been ordered already by Government in the case of the Chattrams at Krishnarajapuram and -- Mayasandra. I consider it unnecessary for Government to continue the chattrams and provide facilities for travellers in a place like Bangalore. I have made a similar recommendation in the case of another chattram (Amildar Srini Rama Rao's chatram at Mandya) in Mandya Taluk (vide this office letter No. C 744/22-23 dated 11th April 1928 (G.O. being worked up)) I beg therefore to recommend that early orders of Government may be obtained for the resumption of the extensive inam lands to Government and for selling them in public auction and I am sure that Government will derive considerable amount by the sale of these lands. If Government consider it necessary to provide a good resthouse in Bangalore the amount realized from the sale of the lands will more than cover the cost --- instead of saddling ourselves with the dilapidated buildings ~~now~~ ---- ~~dilapidated buildings~~ now existing.

I have the honor to be,

Sir,

Your most obedient servant,

H. Channaveera Rao 14/5/28

Assistant Commissioner

for Muzrai Commissioner.

(Absent from Station)

Letter No.C-3-1476-25 dated 28th November 1927 from the Deputy Commissioner Bangalore District to the Muzrai Commissioner in Mysore.

With reference to your letter No.C.360/22-23 dated 5th October 1927, regarding the management of Dewan Bahadur Raghunatha Rao's --- Chattram at Bangalore, I have the honor to state that I inspected the Chattram on 31st October 1927 when the Manager Mr.P.Srinivasa Rao was present. He refused to produce any accounts during my inspection. It is learnt that the Managers have been always refusing to render accounts.

As per accounts of Resurvey and Settlement, the extent and assessment of the village are as follows.-

582 acres-22 guntas assessed at Rs.991-12-0 with a jodi of Rs.2/-.

The probable annual income from Inam lands is reported to be -- Rs.650/-. This figure is not I am afraid correct. I have asked the Amildar to make a detailed report on the actual area under occupation assessment thereon jodi paid therefor and the actual income derived by the donor's family. The manager said that the chattram gets about -- Rs.350/- or Rs.400/- a year from the lands after deducting the jodi and cesses which come to Rs.123-5-11, and that the whole amount was being spent on the up-keep of the two chattrams viz. one in Bangalore and -- another at Kengeri.

The following establishment is being maintained in the Bangalore Chattram.

(1) Two servants one man on Rs.5/- and a woman on Rs.3/- plus feeding.
(2) A sweeper on Re.one.
(3) A scavenger on Rs.2/-

No establishment is maintained for the Kengeri Chattram.

There are two suits of rooms in the front court yard which solely occupied by the Manager and his family. The back court-yard --- rooms are given to people who come from the mofussil and get treated as out patients in the Opthalmic Hospital. I saw from the book produced that persons live in the rooms for months or end. No rent is said to be charged. There appears to be about 8 to 10 persons occupying the room always.

The Amildar has never looked into the accounts, as it appears that the Manager refused to produce them.

The Bangalore chattram is [illegible] and that though only the -- back yard rooms (12 in number) which are given to out-patients of the Eye Hospital require [illegible]

As regards the repairs to the Kengeri Chattram, the Manager Mr. Srinivasa Rao, states that necessary repairs will be effected by the end of the calendar year and a new care-taker appointed shortly and that he would send a report early xxxx in January next to the effect that the needs of the institution have been met.

I think that the Government should take over the management of the Chattram and the lands as, at present, the Manager who is a very near relative of Dewan Bahadur Raghunatha Rao's family is utilizing the best rooms and giving the back rooms to the travellers.

There is some mistake in the amount of jodi paid and have asked the amildar to submit a separate report on same."

With reference to your letter No.C.860/2[illegible]-3 dated 3rd November 1926 re. the management of the affairs of Dewan Bahadur Raghunath Rao's chattram at Bangalore, I have the honour to state that a notice was issued to Mr. Hari Rao at Shakonam and a copy of his letter dated 14th February 1927 received in this office is herewith enclosed for reference.

The Amildar, Bangalore Taluk, who was requested to enquire and report on receipt of Mr. Hari Rao's reply now reports that Mr. Hari Rao has forgotten all about pending matters which he [illegible] left unattended for and that it is a source of [illegible] to the tenants of the land left unarranged for.

Regarding the maintenance of the Chattram at Bangalore, I report that from April 1923, I have prevailed upon my brother-in-law T. Srinivasa Rao, who is employed in the General and Revenue Secretariat (Legislature Council) to live on the premises in spite of the inconveniences of the disposition of the rooms for a family and manage the Chattram. He has been doing the same all these years. As regards the way in which Chattram is being used by the public may if necessary be easily ascertained by a reference to the Authorities of the 'Minto Opth Hospital' who have been very kindly directing the needy to the Chattram. During seasons, the rush is so great that many needy people are denied admission. A register of the admitted people is also maintained on the premises and can be inspected by you if you so desire, at any time. T. Srinivasa Rao will be too glad to give you all convenience to have a look at the register.

The employment of an outsider as an agent to manage the properties having proved unsatisfactory before, I have all along retained the management myself, allowing my brother-in-law to look to the premises. He has been doing it to my entire satisfaction and the proper notice goes to me as a rule as ~~a~~ Executor.

~~Sir~~, I need not tell you, that the major portion of the charities of the late Dewan Bahadur R. Raghunath Rao is in the Tanjore District, I am not the head of the main branch of the family, bound to look after and manage them. I have, however, been having half yearly arrangements to Bangalore to look after the properties there, and I believe that affairs are running smooth under this arrangement. Under these circumstances, I fully trust that you will agree with me that issue of the notice under reference was unnecessary.

With your permission, I, as a close relative of the Late Rai Raya Rai R. Venkata Rao's family and in immediate charge of the village of Karlapur and the Chattrams at Bangalore and Kengeri, beg to bring the following facts to your kind notice:

I learn that the Muzrai Commissioner has recommended the resumption of lands attached to Jodi Karlapur Village Majare Sonnenahally, Hessaraghatta Hobli, Bangalore Taluk, given to the heirs of the Late Rai Raya Rai R. Venkata Rao (father of the late Diwan Bahadur R. Raghoonatha Rao, C.S.I.,). These lands were given under the special sanction of Sir Mark Cubbon, the then Chief Commissioner, who took into consideration the valuable service of the late R. Venkata Rao and the eminent character sustained by him for probity, zeal and devotion to his duties, (vide letter No.174 dated 15th October 1844 from the Secretary to the Chief Commissioner in Mysore to the Superintendent, Bangalore Division). From the year 1844 onwards for more than 34 years, theselands have been in the continuous and undisputed possession and enjoyment of the family.

There are valuable records in the possession of the family which throw much light on the nature of this grant. I request you, Sir, to give me or my principals (the trustees) an opportunity to produce these records before you and meet the charges, if any, levelled by the Muzrai Commissioner, against the family.

SIR,

With reference to your letter No.27/ I.F.104-31 dated 7th July 1928 requesting me to require the Chattram Manager to submit within a week accounts of the late Dewan Pandaur Raghunatha Rao's Chattram for the last five years in the form appended thereto, I have the honor to state that the Deputy Commissioner has already reported that the Manager refuses to render accounts and this fact has been mentioned in this office letter No.860 of 22-23 -- dated 14th May 1928.

In view of this circumstance and for the reasons already stated in my letter referred to above, I request that early orders may be passed in the matter as Government are losing every possible income every year on account of the non-rendition of the accounts and the question is pending disposal from a long time.

The records are herewith re-submitted.

SIR,

With reference to your letter No.131/Muz.336-28-5 dated the 20th July 1928, requesting that the accounts for the last five years of Dewan Bahadur Raghunatha Rao's Chattram at Bangalore may be obtained from the Manager and sent, I have the honour to forward herewith the accounts furnished by the Manager together with the letter received therewith and the vernacular records pertaining to the case, received from the Deputy Commissioner, Bangalore District. From the manager's letter pith & cover to the statements of accounts, it will be seen that he contends that the grant of the Inam village was personal to the heirs of the late Mr. K. Venkat Rao and that the properties of Dharmadaya cannot be made liable. This contention is quite untenable as even the papers produced by himself testify to the fact that the Inam village of Kolahalli was granted solely for the support of the Chattrams at Bangalore and Mulbagal built by the late Mr. K. Venkat Rao, the father of Dewan Bahadur Raghunatha Rao. The Inam deed further states that the grant is to exist as Dharmadaya and intended for the support of the Chattrams at Bangalore and Mulbagal. In view of this circumstance, it is not open to the Manager to dispute at present the right of Government to interfere with the management should occasion arise and to question the due fulfilment of the objects of the grant or to secure the proper application of the profits.

of Rs.901-14-0, the land payable to Government being only Rs.[illegible]/-. The income from the village is estimated at Rs.60(a year and if properly managed, it is expected to yield Rs.8(to Rs.1,000/- vide Lamazar of the villagers. This coupled with the yield from the Chattram garden at Bangalore may safe ly be taken at Rs.800/- a year, while the Manager's account shows an average income of only Rs.440/- per annum. It is thus obvious that the Inam village is either not properly managed or the income deliberately understated.

3. As regards the items of expenditure, the Dep Commissioner has already reported that an establishment at a cost of Rs.102/- per annum for the Chatteram at Bangalore ha been maintained and that there is none for Kengeri Chattram. The land and cesses on the Inam village are stated to amount to Rs.13-3-11, the total expenditure being thus Rs.255-3-11 leaving Rs.100/- for the cost of maintenance of the building The Chattram expenditure on the whole cannot exceed Rs.350/- year out of an income of Rs.800/- that can be reasonably exp ected if the village is well managed. Accordingly, there shou be annual savings of Rs.450/-.

4. In the accounts submitted by the Manager, he charges interest on capital expenditure incurred on the Cha building at Bangalore. The Government Order No.2009-13/Mu 004-10-6 dated the 10th February 1921, definitely says that building should be constructed at a cost of Rs.12,000/- the same as the cost of the old Chattram building at Calcutta be started afresh or and the excess, if any, being met by Dewa Board or Nagarathars as himself. In these circumstances, I cannot be understood why a debt of Rs.12,000/- is shown aga the Chattram & interest also paid on a portion on it. The Chattram itself is to bear the capital cost etc., it is [illegible] cost to the Chattram fund. The charging of the cost to the accounts is therefore quite unacceptable

has to be disallowed. All this clearly shows that the persons now managing the properties desire to find some means of appropriating as much as possible of the income for themselves while showing no personal interest in the management so as to derive the highest return from it.

5. In conclusion, I beg to state that since the Chattram at Kengeri has been allowed to deteriorate, it is absolutely of no use to the public and the best portions of the Chattram at Bangalore are occupied by the Manager, so that the institution as a whole is of little use to the public no useful purpose is to be served by allowing the charities to continue in this moribund condition, affording scope for the misuse of the income from the endowment which if properly administered should yield at least Rs.1,000/- per annum. It is for these reasons that I recommended the resumption of the inam. As already recommended in my letter No.860/22-23 dated 14th May 1928 the Inam village may be resumed and the lands sold in public auction, but if Government are in favour of any scheme for making them available for other deserving charitable objects that may, as suggested in another communication, be taken over under Government management and the income kept in deposit.

6. I solicit the favour of early orders.

I have the honour to be,

S i r,

Your most obedient servant

Inamdar Commissioner.

With reference to communication No 1003/Mysy 336-27-8 dated 20/28th November 1928 in the matter of submission of accounts connected with the late Diwan Bahadur Raghoonatha Rao's charities etc, I have the honour to state as follows :—

(1) Re furnishing of names of persons, lessees and others from whom items of income were received

Lands in the village of Kanlapur have been given for cultivation on no fixed tenure. The cultivators are mere tenants at will Some pay cash gutta, a few call the payment kandayam and the rest ಏನೂ Hence it is difficult to prepare a complete and accurate list of tenants for all the five years It has, however, been proposed to measure out the lands and give them on definite leases for fixed periods The operations are proposed to be completed By April next

The garden in which the Bangalore Chaltram is situated is leased out year by year to a

PTO

a Mahomedan Coal merchant who has a shop near the City market. His name is not readily available and if necessary, will be obtained and furnished.

(2) Cost of acquisition by Govt. of 2 acres and 34 guntas of land for the Bangalore Chattram.

There are no papers with me to show at what cost the above property was acquired by Govt.

3) Value realised by the sale of the chattram in Siddicutta

The old chattram proper was, it is found, sold for a sum of Rs 2,800.

The Secretary to the Mysore Government.

Sir,

I beg to acknowledge the receipt of the proceedings of the 14th instant .....
.....
to perpetuate the memory of my father who served the State of Mysore for a considerable time with benefit to its people. As a descendant of a valuable officer of the State of Mysore, as a Jahagirdar of that State, I am loyal to His Highness for whose prosperity and happiness, I always pray to God, the King of Kings and Emperor of Emperors.

(b) IN THE MATTER OF RENDERING OF ACCOUNTS, Etc.

(1) No. 46 A., Dated Bangalore, 3rd September 1906 from the Deputy Commissioner, Bangalore Dt.

Mr. C. Raghunatha Rao, Agent to Diwan Bahadur Mr. Raghunatha Row is requested to furnish within one week of the full accounts of the Revenue derived from the Inam lands attachedto the ~~chattram~~ choultry at Siddicutta, for the last five years as also the expenditure incurred ~~from~~ for the same.

DEPUTY COMMISSIONER.

(followed by the Notice below)

(2) N O T I C E.

Amildar's Office,
Bangalore, Dated 20th Oct. 1906.

It has come to the notice of the undersigned that the chattram built by Mr. Late Kollam Venkat Rao in Vengeri has been in a very bad condition. Notice is hereby given to you, that if the said chattram has not been put in good ~~condition~~ order within one month from the date of this notice, the village of Karlapur given as Inam for the maintenance of the chattram will be attached.

(Sd) A.M. HAYES,
Amildar.

To

Dewan Bahadur Raghunatha Rao Sahib.

(3) Letter No.651 dated 15th Nov.1906 from the late Diwan Bahadur R. Raghoonatha Rao, C.S.I., to the Secretary to the Government of Mysore, Bangalore.

"I enclose copy of a Notice received from the Amildar of Bangalore for the perusal of H.E. the Dewan Sahib. I always thought that the loyal and the loving subjects of the Maharaja of Mysore would be treated with a greater courtesy than those of His Majesty

Majesty the Emperor's subjects in British territories. This notice has made me think that I might be mistaken. There is my agent at Bangalore who has been authorised to see to the proper maintenance of charities in Mysore. He might have been called upon to do the needful.

I have often asked the Mysore Government to take charge of the charities and their endowments to prevent such treatment; but I was assured then management by me would not subject me to any inconvenience.

To threaten with confiscation is a prerogative of the Sovereign rarely exercised by Him. An Amildar to assume that power and send me the notice aforesaid compels me to renew my application to the Mysore Government to relieve me of the management of the charities of one whose services to the State have been acknowledged by authorities in valuable expressions and remain, I have the vanity to believe, yet to be substantially acknowledged.

2. The chattram at Kengeri is another charity established by the late Mr. Kollam Venkat Rao. The building will no doubt be repaired when the new chattram in Bangalore is constructed. It was unnecessary to have sent the curt notice issued by the Amildar to which the Dewan Bahadur has taken objection. The explanation of the Amildar as to how he came to issue such a curt notice should be obtained and submitted to Government. The Deputy Commissioner is requested to issue orders to the Amildar not to attach the village as stated in the Notice but to ask the Dewan Bahadur's Agent in Bangalore to put the chattram in order as soon as possible and also see to its upkeep. The Dewan Bahadur's Agent at Bangalore, Mr. .....should be addressed in future in all such matters.

(Instead of accounts being pressed for, the Agent was asked to put the Chattrams in order only which we always try to do, having an eye to the finances for the time being).

------***------

The late Rai Raya Rai R. VENKAT RAO, Dewan of Travancore and the first Native Assistant to the Commissioner of Mysore (Sir Mark Cubbon, K.C.B.) and father of the late Diwan Bahadur R. Raghoonatha Rao, C.S.I., established the following charities in South-India besides those in Mysore:--

Three (3) chattrams at Kovilady in Tanjore District;

One (1) Rest House for Europeans;

One (1) Langarkhana for mendicants, etc.,

One (1) temple (Ranganathaswamy)

(People are fed in the above chattrams and rations issued to pilgrims).

One (1) chattram at Srirangam;

One (1) chattram at Erode;

Two (2) chattrams at Kumbakonam;

One (1) Agraharam;

Two (2) temples;

One (1) chattram and a pond at Velangaman;

One chattram at Mayavaram;

One (1) Water pandal at Jalarpet.

Thus, it will be seen that more than 13 charitable institutions for the benefit of all classes of the public were established by late Venkat Rao and landed property worth more than Rs. 8 lakhs has been endowed to those institutions. Some of the institutions are more than hundred years old.

The lands endowed to chattrams at Bangalore and Mysore form now a very small part of the larger trust property in South India, and this association has helped these two chattrams to draw huge advances for capital expenditure. In fact, it has been possible to run these two institutions only by drawing upon the funds meant for other charities elsewhere. From the statements appended, it will be seen that the yield from the Inams within this State is not at all sufficient for the capital and recurring expenditure of the two Chattrams.

An abstract of the statement showing advances, etc., so far drawn from the trust in Southern India and also a statement showing the opening and closing balances together with the - income and expenditure are herewith submitted as desired in the Muzrai Commissioner's communication.

I have the honour to be,
S i r,
Your obedient servant,
P Srinivas Rao
For Mr. R.Hari Rao, 8 8 28

Order No. 2736-39 dated

~~The case~~ was heard on 31-5-1929. Mr. Vasudeva Rao, Manager, ~~was present and represented his case. He admits~~ admitted that the Inam is Dharmadaya and that the association of his family with the charity is only in the capacity of the Manager of the institution. He also ~~admitted~~ admitted that it was not right to have refused to produce accounts for the inspection of Government Officers.

The old Chattram at Siddakatta was abandoned under orders of Government and a new

one has been constructed on the main ~~road~~ road from Fort to Basavangudi. ~~The First Member of Council inspected~~ This building ~~and found it to be~~ well kept. It is mostly used by the patients under treatment in the Eye Hospital or their attendants, and almost all the rooms are in occupation by them throughout the year. The chattram is serving a useful purpose and it is desirable that it should be continued to be maintained and also improved. The lands endowed as a Dharmadaya Inam to the Chattram need not, therefore, be resumed. It is, however, necessary to make the position clear to the Manager and lay down conditions which he should carry out for the proper administration of the Chattram.

1. The accounts prescribed in Rule 7 of the Rules under the Mysore Religious and Charitable Institutions Regulation should be maintained commencing from 1928-29.

2. In the accounts submitted by the Manager claims on account of interest on loans said to have been borrowed for the construction of the building are preferred. These claims are untenable and Mr. Vasudeva Rao agreed to withdraw them.

3. All sums received on behalf of the Institution should be credited to a Savings Bank Account opened in the State Huzur Treasury, Bangalore, in the name of the Institution and all sums required for expenditure on its account should be drawn therefrom. The Manager of the Institution or the agent, if any, duly authorised by him, may operate upon this account.

4. The Manager should take all possible steps for improving the income of the Institution from the Dharmadaya lands endowed to it.

The following improvements to the building of the Chattram are necessary and they should be carried out in the order of their urgency:-

urgency:-

1. There are no latrines at all now. This is a serious defect and it is necessary to provide at least two latrines constructed on sanitary conditions.

2. The rooms and corridors surrounding the open space have only mud flooring washed with cow dung. It is necessary to floor these parts with some kind of stone-slabs.

3. A single room is now provided for each family and it has to arrange for cooking also in the same room. This is a very undesirable arrangement - for one thing, it spoils the room and for another the smoke affects the persons suffering from eye complaints and residing in the rooms. The provision of separate rooms to be used as kitchens is necessary.

4. The construction of two or three rooms outside the building and close to the well in the open space as bath rooms is necessary. One of the rooms in the main building is now used as a bath room. If separate bath rooms are constructed, the room in the main building could be released for the use of another family.

5. The provision of electric lights is desirable to keep the building in a sanitary condition.

6. In front of the building and close to the road, there are deep hollows in which water collects in the rainy season and they become the breeding ground for mosquitos. It is necessary to fill up these hollows and arrange for the drainage of rain water. Such hollows are in front of not only this Chattram but also of the Theosophical building to the left of it and of another chattram to the right of it. The sewage from the two chattrams now soaks into the ~~grd~~ ground and thus makes the buildings and their neighbourhood insanitary. The Municipality may be requested to improve the sanitary condition of the whole place.

The ~~First Member of Council inspected the~~ Chattram building at Kengeri ~~also. It~~ is a very old one and its condition is very unsatisfactory. The neighbourhood of the building and the surrounding ground belonging to it may be disposed of and the sale proceeds credited to the account of the Pangarore chattram.

is most insanitary. There is no need for a chattram at Kengeri at all. The building

The Inam lands were meant for the maintenance of both the Chattrams. As the Chattram at Kengeri is not necessary, the Inam ~~may~~ should be considered as made for the Chattram at Bangalore alone and the needful entries ~~should be~~ effected in the Inam Registers.
